Refined Elegance...

The Galleria Ballroom

The first impression upon entry to the small, but dramatic foyer is one of classic decadence. The entry features an impressive carved fireplace and mantle, large mirrors, and elegant decor.

The grand ballroom is reminiscent of romantic and palatial style, befitting royalty.

Sixteen elegant columns, ten draping chandeliers, marble accents, luxurious gold draperies and ornate gold leaf moldings adorn this beautiful and graceful ballroom.

The Galleria Lounge

A smaller version of the ballroom used for a more intimate setting.

Both spaces feature opulent chandeliers and elaborate atmosphere lighting.

Imagine a grand ballroom in a castle, a royal living room, bedroom, or music parlor. This space could be easily transformed to a romantic hotel suite or a room pretty enough for a princess! The possibilities are limitless.
